

Saturday Night The Misfits

C# A#m F# G# x2

C# | Bbm
There's 52 ways to murder anyone
F# | G#
One and two are the same And they both work as well
C# A#m
I'm coming clean for Amy Julie doesn't scream as well
F# G#
And the cops won't listen all night
C# A#m F# G#
And so maybe I'll be over Just as soon as I fill them all in

F# G# C#
And I can't remember when I saw her last
F# G# C#
We were running around and having a blast
F# G# F F#
But the backseat of the drive-in is so lonely with-out you
G#
I know when you're home

C# A#m
I was thinking about you There was something I forgot to say
F# G# C#
I was crying on a Saturday Night
A#m
I was out cruising without you They were playing our song
F# G# C#
Crying on a Saturday Night

[Solo] C# A#m F# G#

D# Cm G# A#
As the moon becomes the night time You go viciously, quietly away

D# Cm
I'm sitting in the bedroom where we used to sit and smoke cigarettes

G# A#
Now I'm watching, watching you die

F# G# C#
And I can't remember when I saw her last

F# G# C#
We were running around and having a blast

F# G# F F#
But the backseat of the drive-in is so lonely with-out you
